80/20 CUSTOM MACHINING SERVICES

Need a part but can't find it in 80/20's standard product line? 80/20's Custom Machine shop can provide that part. Their precision in-house Custom Machine shop quickly makes adjustments or changes to any part in the 80/20 catalog, saving you the headache involved in outsourcing these services. With access to over 200 stock structural shapes, 80/20 can make your custom bracket or part fast. Don't waste time working with multiple vendors — with 80/20 there are no minimum charges and no minimum runs.
